Updates to documents - October 2022

NB. Book2 lists are now available to download.

Main Rules – Page 15 (page 7 for the no-pictures version) ... added the following to match the V3.0 rules.

- Elite battle groups may re-roll 1's and 2's
- Superior battle groups may re-roll 1's
- Poor battle groups MUST re-roll 1's

Main Rules – Page74 (page 43 for the no-pictures version) ... changed 1st and 5th bullets to match the V3.0 rules.

- The supporters must be medium or light foot armed with bow, bow*, longbow, crossbow or firearm (but not bow*).
- Irrespective of their weaponry, support shooters get 1 dice per supporting base. Medium Foot with Bow*, and all Light Foot lose 1 dice per 2 as normal, so get 1 dice per 2 supporting bases, rounded up.

Main Rules – Page91 (page 52 for the no-pictures version) ... 3rd sentence: changed to match the V3.0 rules:

If a battle group must take a cohesion test as well as a **death roll**, the **death roll is always taken before the cohesion test is resolved**. (This means that you can roll the dice together, and that base losses that will result from the **death roll** may affect the cohesion test modifiers).

Main Rules – Page135 (page 78 for the no-pictures version) ... Full Turn Sequence – Shooting Phase – 1st entry - changed to match the V3.0 rules (and page 91 as described above):

"Resolve all shooting – **both sides shoot. Resolve death rolls., then post-shooting CTs.**"

List Book1 – Hittite list – Syro-Canaanite chariots – "Points Per Base" – REPLACE "14" with "13".
